SCIENCE POLICY AND INDUSTRY

Description and Analysis of a number of factors which
companies and governments must take into account when
applying science policies to processing and manufacturing.

Andrew Wilson: was born in Scotland and educated at the
University of Glasgow. Served as Scientific Administrative
Officer of the Physics Division of Atomic Energy of Canada Ltd.
at Chalk River from 1960 to 1964.

Served as Secretary and Chief Research Officer of the Advisory
Committee on Industrial Research and Technology of the Economic
Council of Canada between 1964 and 1968. Joined the Science
Secretariat of the Privy Council Office in September 1968 and
two months later was assigned to the staff of the Science
Council of Canada as a Science Adviser.
